EthOss Bone Regeneration

270000 3 x Syringes 0.5cc Per Pkt \$697.40	270001 3 x Syringes 1.0cc Per Pkt \$825.10
---	---

EthOss is a combination of Beta-Tri-Calcium Phosphate and Calcium Sulphate, creating an environment rich in phosphate and calcium ions, ideal for bone regrowth

- A synthetic bi-phasic matrix for true bone regeneration
- Non Bovine – no human or animal components. Ethical patient choice.
- Shows 50% new host bone in just 12 weeks
- The Calcium Sulphate formulation acts as a built-in barrier against soft tissue ingress, removing the need for collagen membrane
- EthOss is completely absorbed and replaced by new host bone over the course of treatment
- Delivered sterile, available in 2 syringe size choices (0.5cc and 1cc)
- Easy to dispense syringe delivery system, the material will start to harden after 1 minute
- Does not suffer wash-out in bloody sites
- Suitable for use in GBR, Periodontitis, Buccal defects, Sinus Grafts and Extraction socket filling
